

Que fait le programme ?

Réponse :

Le programme s'occupe de l'ajout des étudiants via un formulaire en affichant les ajouts à temps réel.. Il donne aussi la possibilité de supprimer les étudiants déjà ajoutés.

Le lancement de programme :

Au départ, on a quelques étudiants dans la base de données :

The screenshot shows a mobile application interface with a blue header bar labeled "My Application". Below the header, there are three input fields: "Name:", "Phone no:", and "Enter Student Id to delete:". To the right of the "Name:" and "Phone no:" fields is a pink rectangular area. Below the "Enter Student Id to delete:" field is a horizontal line. To the right of the "Enter Student Id to delete:" field are two buttons: "ADD" and "DELETE". At the bottom of the screen, there is a list of existing students: "id: 1, name: Rajat Ph_no: 999999999" and "id: 2, name: Eric Ph_no: 888888888".

Après ajout d'un étudiant Arnaud, on a :

My Application

Name:

Arnaud

Phone no:

0651942271

ADD

Enter Student Id to delete

DELETE

id: 1, name: Rajat Ph_no: 999999999

id: 2, name: Eric Ph_no: 888888888

id: 3, name: Arnaud Ph_no: 0651942271

Les ids sont en auto-incrément.
